To Everyone with a Big Heart of Gold,

NPO HEARTS·OF·GOLD
Representative Director: Yuko Arimori

The East Japan Great Earthquake claimed thousands of precious lives and has forced many others to live in uncomfortable emergency shelters. We, HEARTS OF GOLD, have decided to take the following action to support those quake-damaged areas.

“3.11 Child animo Project” - Rebuilding Schools! To Help the Victims of East Japan Great Earthquake

“animo”
means “Spirit” in Spanish

We are supporting a project to rebuild schools destroyed by the earthquake and tsunami with the hope of encouraging children to return to school, and resume school life with friends and teachers to regain their mental and physical health as soon as possible.

To accomplish this goal, we request your cooperation in supporting our “3.11 Child Animo Project” through monetary contributions.

★ We began our efforts on 3/20 at the “Yodogawa International Half Marathon (Osaka)”, and to keep this project going, we need additional donations from individuals, associations, schools, and companies who are willing to support our efforts.

【To donate using a bank remittance】 Bank Name: Okayama-ekimae branch, Mitsubishi Tokyo
Account Type: ordinary
Account Number: 0931214
Account Name: NGO HEARTS OF GOLD

SWIFT CORD : BOTKJPJT

★ To those making donations through bank remittances, please send us your name, address, phone number so that we can register you as a member of the “3.11 Help Children Project”.
